ABOUT US

Aurora Pakistan is one of the Pioneer Epoxy Solution provider with more than 5 years experience. We provide futuristic designs and innovative Epoxy solutions. We are committed to provide the best possible Epoxy expertise and service to ensure cost effective and successful projects.

OUR VISION

To build an efficient and sustainable flooring and surface treatment company based in Pakistan, providing high quality services that are backed by qualified and experienced people

OUR MISSION

Offer trustworthy, competent, and skilled services of Epoxy Solutions to our customers in industrial, commercial and domestic markets

A worker in a yellow shirt and white hard hat is kneeling on a floor, applying a blue epoxy coating. The worker is using a black squeegee to spread the material. The floor is already partially covered with the blue epoxy, and the worker is moving towards the right. The background is a plain wall.

Best Quality Epoxy Solutions

Epoxy is a unique floor material. Once concrete floor is smoothed and prepped, a resin and hardening chemical are mixed and laied on to the floor. The chemical reaction will turn the mixture in to a hard surface which creates a strong Epoxy layer as a part of the floor.

Designed to cover outdated concrete or asphalt surfaces, transforming them into colorful play surfaces in the blink of an eye. Absorbs the impact forces of feet, reduce sports injury, and suit to both long-term exercises and games.

Comprehensive
range of added-value.

Decorative Epoxy

Our Tables are made with natural wood Dried prior to putting them into any type of design/shape. The wood is then filled with high quality resin or trimmed/shaped to a design pattern. The wood and resin type will vary depending on the design. All Tables are customisable as per customer's demand and choice of top and base. Our pieces are assembled with a

great blend of modern art and contemporary designs, keeping them "in style" throughout. You can place these intricate pieces to decorate any part of your home or office. Enjoy the luxurious ambiance created, leaving your guests awestruck every time they visit. All materials used in the products are premium quality.

Decorative Epoxy

Support & Advice

The use of colour isn't just about making a beautiful space. It's about making sure people respond to their environment in the right way.

Using colour appropriately can make

spaces more welcoming, improve workplace productivity, and help create safer environments for occupants.

Whatever project you're working on, we can suggest a colour scheme for a wide range of

buildings, from hotels to airport hangers and from warehousing to sports facilities.
